

Outstanding performance...

SECTIONAL GARAGE DOORS

carTeck®

Woodgrain and smooth finish doors are also available as an option with a low maintenance polymer based paint finish in a wide range of RAL colours.

## STEEL INSULATED SECTIONAL DOORS

CarTeck insulated sectional garage doors represent the very pinnacle of sectional door design and are the only sectional doors to feature ✓IPS (Integrated Protection System) - an impressive array of safety, security and enhancement features, many of which are patented and make these doors unrivalled in choice and specification.

- Fits garage openings of most shapes and sizes, even arched openings
- Insulates your garage against heat loss and noise
- Vertical travel - park right up to the door
- ✓IPS patented interior and exterior finger protection
- Stunning panel options of georgian, ribbed, half ribbed and solid in a range of textures and finishes
- Optional manual specification includes black handle and MultiLatch security locking
- Light reflecting white finish to rear of door
- Choice of 20mm or 40mm panel thickness for maximum strength and insulation
- Superior class 5 wind load rating - Hurricane force!
- 10 roller spindles hold the door for a "solid wall" feel when closed
- Supplied ready for automation - don't do it as an afterthought! - See page 14 for details

### PROFILES

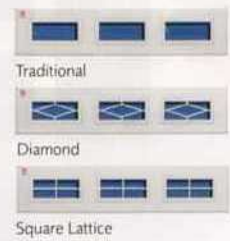

20 and 40mm panels in the following profiles:

Georgian

Ribbed

### WINDOWS

Traditional

Diamond

Square Lattice

### FINISHES

White

White doors have a woodgrain surface texture

Woodgrain

Double glazed 'sandwich' construction windows with a PVCu frame are available in a choice of three classic styles.

Weathergrain Golden Oak

Highly detailed smooth finish

Weathergrain Mahogany

Weathergrain Dark Oak

Weathergrain finishes perfectly complement timberwork and UPVC doors and windows.

CarTeck doors feature concealed extension springs for ultra smooth assisted opening - no messy torsion springs to drop oil on you or your car!

### Automation Ready

We've tested all our operators with our doors - for a fully CE compliant door and operator choose Cardale - see page 14
